

INSTRUCTIONS TO JURORS

The attached questionnaire must be answered by you. The answers will assist the judge and lawyers in selecting a jury. Answer all the questions to the best of your ability. There are no right or wrong answers. To answer correctly you must answer honestly.

We need your help so that we can select a fair and impartial jury in this case. Only the judge and lawyers will know your name. Do not assume anything from these questions. The fact they are being asked does not necessarily have anything to do with the evidence that you will hear.

The judge and lawyers know that every person has beliefs and prejudices concerning many things. You should answer with your true feelings, whatever they may be. Do not assume that any of your answers will qualify you or disqualify you from serving on this jury.

Please fully answer each question to the best of your ability. Write or print clearly. You must not ask anyone for help. Do the best you can.

If you cannot answer a question because you do not understand it, write "Do Not Understand" in the margin next to the question. If you cannot answer because you do not know, write "Do Not Know" in the margin next to the question. If you want to explain your answer do so briefly in the margin next to the question. If for any reason you do not want to answer any of the questions asked, please write the word "PRIVATE" next to the question and we will take this matter up with you privately.

We are all certain that you understand the importance of juries to our American system of justice. We are confident that you will not try to avoid your duty as a citizen to serve if it is at all possible to do so. Without your help our courts cannot operate properly under the Constitution.

An Explanation Sheet is provided for you at the end of the questionnaire to answer questions more fully. Rather than leaving out information, please turn to the end and put your answers on the explanation sheet provided.

Because your answers are part of the jury selection process and become part of the records of this court, your answers must be truthful and under penalty of perjury.

54. The Judge in this case will instruct you that the indictment or formal charge against a defendant is not evidence of guilt. Indeed, the defendant is presumed by the law to be innocent. The law does not require a defendant to prove his innocence or produce any evidence at all, and no inference whatever may be drawn from the election of a defendant not to testify. The government has the burden of proving the defendant guilty beyond a reasonable doubt, and if it fails to do so, you must acquit the defendant. While the government's burden of proof is a strict or heavy burden, it is not necessary that the defendant's guilt be proved beyond all possible doubt. It is only required that the government's proof exclude any "reasonable doubt" concerning the defendant's guilt. A "reasonable doubt" is a doubt based upon reason and common sense after careful and impartial consideration of all the evidence in the case. Proof beyond a reasonable doubt, therefore, is proof of such a convincing character that you would be willing to rely and act upon it without hesitation in the most important of your own affairs.
